2022 Colorado Companies to Watch Chosen
Winners Announced at 14th Annual Gala Awards Ceremony

Denver, CO – This year’s Colorado Companies to Watch Winners have been selected and will be announced at the 14th Annual Gala Awards Dinner on Friday, June 17, 2022 at the Denver Hyatt Regency Tech Center. In its 14th year, Colorado Companies to Watch (CCTW) is a unique program that honors high-performing second-stage companies from across the state for their performance in the marketplace, innovative products, unique processes and philanthropic actions.

Second-stage companies are those that have moved past the startup stage and into a period of steady state growth. The companies selected make a point about Colorado’s diverse economic landscape. They make an astounding impact on the state’s economy by collectively providing thousands of jobs and contributing millions of dollars in revenue.

“Congratulations to all our winner’s this year! CCTW’s time-honored and rigorous judging process has revealed Colorado’s most visionary, innovative, and successful 2nd Stage companies. These companies employ approximately thirty percent of our state’s talent and have made a \$595M impact on Colorado’s economy,” remarked Kim Woodworth, Executive Director of the Economic Development Council of Colorado and CCTW’s 2022 Board Chair. “A more resounding impact is the amount of investment they’ve given back to Colorado’s non-profits serving our local communities. An overwhelming amount of financial and time commitment support was given within the past year. Without this type of give back, many of our support services wouldn’t get the necessary funding needed to serve our communities.”

A select panel of esteemed judges chose the award-winning companies from an impressive list of finalists, who were ultimately selected from the 1,100 nominations gathered from across the state.

The Gala Awards Dinner on Friday, June 17, 2022 officially announces and honors the 2022 Colorado Companies to Watch for their contributions to the state’s economic vitality and future.
